

U.S. Patent Application Serial No. 10/658,743
Supplemental Amendment filed October 5, 2005
Reply to OA dated July 12, 2005

REMARKS

As indicated above, this is a Supplement to the Amendment filed on September 30, 2005. It is believed that this Supplement and the Amendment filed on September 30, 2005 are fully responsive to the Office Action dated July 12, 2005.

Claims 1-4 remain in this application.

Regarding items 7(a) and 7(b), page 4 in the Examiner's list of objections in the Office Action dated July 12, 2005, the applicants agree with the Examiner that it would be advisable to identify the intersection of line L3 and line 15 with a reference character. The applicants have thus used reference "A0".

It is the applicants' position that the addition to Fig. 1 (reference character "A0"), as noted above, overcomes the objection to Fig. 1, as set forth in the outstanding Office Action.

In view of the above and the applicants' Remarks in the earlier Amendment, the withdrawal of the outstanding objections to the drawings is in order, and is therefore respectfully solicited.

If, for any reason, it is felt that this application is not now in condition for allowance, the Examiner is requested to contact the applicants' undersigned attorney at the telephone number indicated below to arrange for an interview to expedite the disposition of this case.
